- All Clubs, Groups or Individuals must complete an Application for Show Date. This form

can be found on our web site at www.nationalkennelclub.com or interested persons may request this form from the NKC.

- Once a club has a proposed date for their event, a call may be made to the Event Scheduling Department to verify the availability of that date. Once it is determined that there are no conflicts in scheduling, the club must forward their request for the new date to NKC, in writing and signed by a club officer. Verbal requests or verification of date availability are not a guarantee that the club will be scheduled for the requested dates.
- Requests for new dates are only approved by written requests and are processed in the order they are received.
- Applications with appropriate fees not received by the stated deadline date will be assessed a penalty charge of \$20 per event.
- Once an Application for Licensed Event is received by NKC, any requested changes to the application must be made in writing and must be signed by either the Event Secretary or another club officer. Clubs who wish to host additional events for an existing date, must submit a written request to the NKC prior to the show date
- Clubs are encouraged to hold multiple events weekends or two shows ONLY where they have the membership manpower and availability to handle them.

PLANNING NKC EVENTS

The clubs written request must also provide the following information:

- Clubs must have enough manpower and an organized event committee to handle the increased work and responsibilities. Including names and a schedule of committee, stewards and/or work assignments.
- An adequate slate of Judges to cover all classes without expecting them to officiate beyond the normal guidelines. Including Judge(s) Names and assignments.
- Adequate facilities. This will include: an alternate site in case of inclement weather, if the event is planned for outdoors; and a site with enough room to handle the increased number of rings necessary. Including a layout diagram, with measurements, of the event facilities.
- Each Application will list when entries will be taken, a schedule of activities and how classes will run. When two events are being held on one day, the club must establish a definite Entry Time and Starting Time for each event. The club must establish a defined Entry Time and Starting Time for each event. If the club lists separate Entry Times for individual activities, the club must also indicate a separate Starting Time for those activities. At no time may the club allow the Judging to start prior to the Event times as published in the Upcoming Events Listing of for the club's event.
- Each Conformation Show shall either have a veterinarian in attendance or on call. Some states require the presence of a veterinarian at all dog events. - NKC accepts no responsibility as to the presence or absence of a veterinarian at any licensed NKC event.
- NKC accepts no responsibility for diseased dogs present on the grounds, off the grounds or in any way connected or associated with a NKC Licensed Event.

- A club that has held a NKC Licensed Event must mail the winner photos to NKC, if they wish those photos to be published with event results.
- It is the host club's responsibility to have knowledgeable stewards to assist the Judges in the ring. The host club should consider additional assignments to assure they have adequate help before, during and after their event. The following are suggested work assignments, which should assist the club at the event: Chief Ring Steward, Grounds/Maintenance, Hospitality, Transportation and any additional committee assignments the club deems necessary.

Event Committee/Club Secretary

The Event Packet is mailed to the Club Secretary. This packet includes, Applications for NKC Registration, Event Report Form, Event Entry Forms, Class Rosters, Judges Packets and any other information the Show Host may need. The Clubs must retain copies of all entry forms, event reports, and point receipts for a period of 3 years. The host club must designate an individual to act as Event Secretary. If the Secretary becomes ill the club must have an alternate person selected to perform these duties.

Event Secretary Responsibilities

The Event Secretary must be in good standing with NKC and be present at the event. The Event Secretary may not also act as a Judge for any event. The Event Secretary will most likely be very busy during the event, and the NKC would strongly suggest they make a personal decision not to exhibit. If so, they would want to make alternate arrangements to make sure their dogs are shown. The Event Secretary must have all necessary forms ready for the Show. This includes (but is not limited to) the following:

- Conformation Result form(s) "Show Reports"
- Conformation Entry form(s)
- Breed Standard for Breed(s) being Exhibited

- Insurance policy information

The Event Secretary is responsible for all entries and preparation of event paperwork for each activity the club is hosting. Listed below are some of the Event Secretaries jobs:

- It is vitally important that the rules regarding the taking of entries be followed. Failure to follow the rules may cause the club to be placed on probation. Winning placements may be affected, and those deserving a win may be denied a win because the club did not follow the rules. Accept only completed and signed Entry Forms filled out by the owner/handler. In the area(s) indicated include the following: armband number assigned to the dog, if necessary the height & weight of the dog. The owner/handler is responsible for the accuracy of the information; however, it is the Event Secretary's responsibility for processing the information correctly.
- The Entry Form for each winner must be included with the applicable Event Report Form. The club should keep a copy of all submitted entry forms.
- All Dogs entering in pointed classes MUST be NKC permanently registered. Dogs can be registered the day of the show.
- All dogs entering in the events must be three months of age or older.

- Ensuring armbands with numbers must be provided and worn in the ring.

- Verify that all forms and event reports are completed correctly, decipherable, signed by all officials, and sent to NKC with the designated fee.
- All Completed Event forms and proper fees must be received by NKC within ten (10) days of the event, or a penalty charge of \$20.00 per licensed event, will be made for the delay of event reports. An additional charge of \$20.00 per licensed event, per month, will be made on Event reports for each 60 days past due.
- Event Reports to be sent to NKC must include, accurately completed event report, copies of all class rosters, new registration applications, white copy of all event entry forms, and occurrence report if applicable.

Judges

- All Judges being used at an NKC Sanctioned event must be an NKC Licensed Judge. No exceptions will be made.

- The Judging changes must be made public for all exhibitors.
- If a listed Judge is changed, before the Event Date the club must have all Judging changes pre-approved by NKC
- The judging changes must be posted or announced at the Event site for all exhibitors.
- If a Judge becomes ill or is unable to attend the day of the Event, the club must:
 - a) Appoint a replacement Judge that is well qualified to finish judging that particular assignment.
 - b) When selecting a replacement for Conformation events, a NKC Licensed Judge for the breeds in question is preferred. If a NKC Licensed Judge for the breeds in not present, the club should select the most qualified person present to complete the assignment for that Judge only.
 - c) All replacement Judges must be indicated on the Official Event Forms.

Entering Dogs in NKC licensed Events

- Only National Kennel Club Permanently Registered, or dogs registered the day of show registered dogs 3 months of age or older can enter NKC Licensed classes.
- When entering a NKC Licensed Conformation Show, registered owners or designated handlers must use the Official National Kennel Club, Inc., Entry Form (copies of the form are acceptable). This applies to pre-entries and day of show entries. Registered owners/designated handlers are advised to double check that all information on the submitted Entry Form is correct and that the Entry Form is signed. If the Entry Form is not filled out correctly and signed, Championship points may be withheld.
- If a dog is entered and/or shown in the wrong class by the owner/handler, no Championship points will be awarded. If a dog is entered with an incorrect NKC Registration Number on the Entry Form, Championship points may be withheld.

- It is the responsibility of the owner/handler to see that their dog has been entered and shown in the correct class.
- It is not the responsibility of the entry taker to determine or verify that the information on the submitted form is accurate.

Class Change

Dogs which fulfill the requirements for a NKC Conformation title Champion, Grand Champion or Super Grand Champion may be entered in the next level of competition starting with the next show, even though they have not been officially notified of their new title by National Kennel Club. This is contingent on the condition that the records kept by the dog's owner are in accordance with those kept by NKC. Neither the NKC nor the host clubs are responsible for any mistakes made by the owners of these dogs concerning the dogs' points. If it is found that the owner's records were in error, and the dog had not fulfilled the requirements for a Championship title, all points attained by that dog in the higher level will be considered void. Repeated mistakes in tabulating a dog's points place the individual in jeopardy of a "points" penalty. NKC reserves the right to determine the extent of those penalties.

When Titles are earned

All Championship points (legs) disputes must be reported to NKC no later than six (6) months after the event date.

- Once it has been determined that a dog has enough points and major wins to be declared a show champion, the dog must be shown in the Champion Class. The dog may not move back to the Open Class unless the owner is notified by NKC that the dog did not fulfill the requirements for the necessary title to move up.
- If NKC has notified the owner that his dog has completed its Champion title, it may no longer compete in the Puppy, Junior, Senior, or Veteran class. The dog must move up to the Champion of Champions class.
- If NKC has notified the owner that his dog has completed its Grand Champion title, it may no longer compete in the Champion of Champions class. The dog must move up to the Grand Champion class.
- If NKC has notified the owner that his dog has completed its Supreme Grand Championship, it may no longer compete in the Grand Champions of Grand Champions Class.

Event Participation Ineligibility

If a judge finds a dog displaying any of these conditions, he may disqualify the dog.

- Any dog that displays disqualifications based on that dog's breed standard.
- A dog which is blind, deaf, lame, spayed or neutered or which has been changed in appearance by artificial means except as indicated acceptable in the NKC standard for its breed.
- A dog is considered changed in appearance by artificial means if it has been subjected to any type of procedure that obscures disguises or eliminates any congenital or hereditary abnormality or any undesirable characteristic, or that does anything to improve a dog's natural appearance, temperament, bite or gait. Example: tattooing to mimic pigmentation or any surgery that masks a cosmetic or genetic fault.
- A male having only one descended testicle or neither testicle.
- A dog displaying extreme viciousness or shyness.

General Ring Etiquette:

- No food is allowed in the ring. If baiting does occur the dog will be excused.
- No grooming of dogs and no grooming tools will be allowed while in the ring.
- Armbands with numbers must be provided by the host club and worn in the ring.
- The dogs must be shown on leather leads or slip collars to maintain control. No harness allowed.
- While exhibiting, handlers are not to wear badges, coats etc with kennel club or identifying names or distracting apparel. The judge has the right to excuse any handler under these circumstances.
- Dogs will not be allowed to leave the ring until dismissed by the Judge. Dogs must compete in each class as they advance unless scratched or disqualified by the judge.
- Owners, Handlers and spectators may not interfere with the Judge in any way during the judging of an event.
- Double handling is considered poor sportsmanship. An example of this is someone trying to get the dog's attention outside the ring while it is being shown. This may be a noise or just the person getting the dog's attention to have it more alert, thus giving an unfair advantage. The judge has the authority to either excuse the dog from competition if it occurs or does not stop or not consider the dog in the placement. The event host has the authority to excuse the exhibitor from the event.
- The handler must be someone who is physically able to control the dog at all times. If the Judge or Club Official feels that the situation is not being handled properly, the dog and handler may be excused. The judge's decision is final.
- If a dog fouls the ring, the right steward will take cleaning supplies to the owner/handler and will offer to hold the dog while the owner/handler cleans up. The host club may ask any exhibitor not cleaning up after their dogs to leave the event

General Rules

- Owners/handlers should always conduct themselves in a sportsmanlike manner.
- A dog is entered in a NKC Licensed Conformation Show by the owner, exhibitor or handler for the purpose of inviting that particular Judge's personal inspection and decision at that particular show or trial, and by entering their dog, agrees to accept the decision of the Judge as final.

- No dogs will be allowed in the ring or judged prior to show time.
- While not being exhibited, all dogs must be crated or on adequate leads and kept under control at the event site. It is recommended that dogs not be crated within fifteen (15) feet of the ring. Should a dog(s) become a disturbance at ringside or in a crated area, the Officiating Judge, Event Committee or Club Management may require that the dogs be moved or removed from the show grounds.
- The Club, Event Committee and/or the Event Superintendent have no obligation or responsibility for providing service through a public address system, stewards or runners for the purpose of calling or locating dogs that are not brought into the ring when required.

However, no handler shall be barred on the basis of religion, race, color, national origin, or sex.
 - Owners/handlers must assume full responsibility and follow all rules and procedures set forth by the host club and hotels/motels regarding cleaning up after their dog(s). It is the responsibility of the owner/handler to clean up after their dog both in the ring, on the event grounds, and at the hotel/motel.
 - Host clubs are responsible for providing local hotels/motels with a contact person with whom to register complaints about dog owners/handlers attending the host club event. Clubs must promptly investigate complaints lodged by hotels/motels. This shall include providing the owner/handler against whom the complaint has been lodged notice of the complaint and an opportunity to respond.
 - Clubs must report substantiated complaints to National Kennel Club. National Kennel Club will take appropriate action against persons found to have violated host club or hotel/motel policies regarding cleaning up after their dog(s). Everyone must remember that all owners and handlers must be responsible or host clubs will not be able to obtain facilities for; holding dog events.

Grooming for NKC Events:

Grooming of a dog before entering a NKC Event is encouraged within the following guidelines:

- Bathing is relative to the maintenance of the health of the dog and to its presentation in the show ring.
- Dogs should be exhibited in a near to natural state.

Chalking, powdering or dying to cover faulty hair color, or texture is not allowed. If the Judge determines that any of the above has been violated, they will not consider the dog for placement.

After the judge has finished judging the group, they should advise the handler why they did not consider the dog for Championship points.

Formal Complaint Procedure

Any owner of a NKC registered dog entered in a NKC licensed event has the right to make a formal complaint when a NKC rule or policy has been violated.

Please use the following protocol for formal complaints.

- All possible effort should be made to resolve the problem at the club level.
- The alleged rule violation should be presented to an Event Host officer. That person will assemble any club officers present and any member whose input they feel is necessary.
- If a situation cannot be resolved with the clubs officials and a formal complaint is to the NKC is needed, a written explanation of the rule violation and complaint must be mailed to the NKC. Complaints will be handled on an as-needed case by case basis directly by NKC. All involved parties will be contacted by the NKC to investigate the complaint and help resolve the situation.

Policy Regarding Dog Temperament at NKC Events

Participants presenting dogs at NKC licensed events have the responsibility of exhibiting dogs of sound mind and body. Extreme shyness or viciousness can be an inherited defect, therefore such dogs are not recommended for breeding or Conformation Events. It is understood that environment also plays a part in this type of behavior. If this is the case, the owner/handler has the responsibility of socializing the dog to correct any behavioral problems. Severely aggressive

behavior by dogs shall not be tolerated at NKC events. Dogs participating in NKC events are expected to have stable temperaments appropriate to their breeds. Owners or designated handlers are responsible for the behavior of the if dogs and are expected to ensure at all times that their dogs present no threat to persons or other dogs attending the event. Normal canine behavior includes limited dominance behavior such as lunging or barking. Such normal acts of canine behavior shall not be considered aggressive. Judges are responsible for disqualifying dogs that act aggressively in their rings. The Judge should describe the specific act of aggression. Each Judge has complete authority to disqualify a dog for acting aggressively and the Judge's decision is final.

Excused or Disqualified Dogs

The judge has the right and responsibility to excuse, disqualify or withhold giving NKC points if in their opinion if a dog is dog submitted that does not qualifies or meets the breed standard. If a dog is disqualified, excused or points are withheld for any reason the exhibitor should be informed that points are not to be awarded
